

Talent Management and Retention Seminar

On Tuesday 4 November the NTCC in cooperation with the Dutch Embassy organized a unique breakfast seminar entitled "Talent Management and Retention in Thailand". Our guests: CEO's and HR Directors of the largest Dutch companies operating in Thailand. Mr. Jean-Francois Cousin of 1-2-Win gave a fine presentation on the results of his research in Thailand after which discussions erupted between the various participants. It is safe to say that a lot of knowledge and experience were exchanged.

We are grateful for the kind gesture of our Ambassador Mr. Tjaco van den Hout who opened his Residence to us to host this Seminar.
