Enhance Your Skills with Relevant Trainings

Hiring expectations in Singapore has accelerated in the first quarter of 2010. More companies are now keen on providing mentoring and training programmes. According to a recent report from Hudson, 78% of respondents expect their organisations to perform very well in 2010.

In this dynamic, the FCCS Human Resources department launched a new train-

ing catalogue for the year 2010. Thanks to our members' feedback, we created a specific programme with 20 sessions scheduled all over the year.

We worked in collaboration with high-qualified training providers on these modules. Those sessions, from half-day to two-day, are suitable to all levels of your organisation and for its various departments.

From Personal Development to Management and Professional Skills, trainees obtain all the keys to succeed in their professional development.

Since the beginning of the year, we have successfully conducted six sessions on different topics. Check our online catalogue and register to one of our next sessions! **F**

GETTING THE BEST FROM YOUR CAREER BY REVITALISING YOUR CV AND MAKING AN IMPACT IN INTERVIEW

"I didn't expect that training to be so helpful! I felt a bit demotivated after being dismissed last October (partly due to the crisis) after 3 years and a half in an English company in Singapore. I came out of this training with a positive feeling of my career, my history and my choices. It will definitely have a good impact on my future interviews."

Florence Pouliquen

TIME/PRIORITIES MANAGEMENT AND DELEGATION: INVEST YOUR ENERGY FOR BEST RETURNS

"Even if we know that delegation, prioritisation and organisation are absolutely critical to manage time effectively, we have the annoying habit of forgetting it easily. It was really stimulating to learn (again) how to invest our energy for the best return. And it was refreshing to hear (again) how to move from a time centered attitude towards a tasks/goals centered attitude. I really enjoyed it."

Hervé Thieblemont, Head of Field Crop Seeds APAC, Syngenta

TIME/PRIORITIES MANAGEMENT AND DELEGATION: INVEST YOUR ENERGY FOR BEST RETURNS

"The Time Management workshop organised by the FCCS was very useful for me. I came back to my office with very efficient, ready-to-use tools to save time!"

Nathalie Ribette, Artistic and Executive Director, Sing'Theatre

CSR AND SUSTAINABLE DEVELOPMENT - HOW TO GET STARTED? - ENGAGING WITH STAKEHOLDERS

"I wish to thank Joelle for her enthusiasm and clarity received during the CSR training. Full use of this additional impulse is planned within AFKLM South Asia to marry corporate governance and human values. A really worthwhile and sustainable investment!"

Caroline Sirieix, Human Resources Manager, Air France KLM
